Statement of Fraud: An application will be considered fraudulent, and may be denied, if it contains any false representation or omission of material fact, or if false records are submitted in support of the application.

I reside in a county included in the Governor's disaster proclamations issued following tornados and flooding in May and June 2008, and I was personally affected by the tornados and/or flooding.

Pursuant to Iowa Code section 17A.9A(2), the following are true:

- I was affected by the flooding and/or tornados in May and June 2008. As a result, I lost documents issued by the State of Iowa that I am seeking to replace.
- The waiver from the requirements of the rule in this specific case would not prejudice the substantial legal rights of any person.
- The replacement of these documents is subject only to fees set by administrative rule, and not specifically mandated by statute.
- Waiver of the replacement fee does not affect the public health, safety, and welfare interest of any other person, therefore subsection 17A.9A(2)(d) is inapplicable in this instance.

I certify under penalty of perjury and pursuant to the laws of the state of Iowa that the preceding information is true and correct.
